Omnibus paper:Toronto 2017 meeting

This paper aims to be the omnibus paper summarizing links to all the info on the Toronto 2017 meeting and additional info as of publication date.

Main Paper

The main paper is here:
http://www.open-std.org/jtc1/sc22/wg21/docs/papers/2017/n4636.pdf

Student accommodation

This paper describes the student accommodation:

http://www.open-std.org/jtc1/sc22/wg21/docs/papers/2017/n4658.pdf

Pub Crawl

There is a plan for a pub crawl here:
http://www.open-std.org/jtc1/sc22/wg21/docs/papers/2017/p0630r0.html

Waterfront International hosts Evening dinner to celebrate C++17

Thank you to Toronto's Waterfront International, they have offered to sponsor a celebration dinner for C++17 at Toronto's iconic CN Tower. Note that you will be responsible for transportation.

Please connect with Erin for more details. Thanks.

Wednesday July 12
6PM – 11PM
Horizons Restaurant
CN Tower
http://www.cntower.ca/en-ca/plan-your-visit/restaurants/horizons-restaurant.html

A few possible transportation route to arrive by 6 pm are as follows. Note that the 510 Spadina Streetcar is close by but can take a bit longer as it goes through the surface routes. Walking is also possible and takes almost the same time at 30 minutes. On that day, I would suggest we break at 5 pm to allow people to reach CN tower by whatever means. Note that the Sheraton is on the way.

Extending stay to saturday 15th at Delta Chelsea AND LATE BOOKING EXTENSION

Thanks to Nicolai Josuttis for asking: if you wish to extend stay at the Delta Chelsea:
Before cutoff date of June 9: According to Jodi, please make the reservation till the 15th and advise the reservations number. The hotel will add the additional night at the group rate.
 I have confirmed that Breakfast is not included in the rates. Sorry about that as downtown offering varies. Being right in the heart of Toronto generally mean you options are massive for food.
Evening sessions will take place at the University Bahen Centre, same location as the meetings.
Please be aware that the Honda Indy race is in town (most of Lakeshore Blvd is converted into a racing circuit), and hotels will book up fast.

Please make the   reservation until Sat July 15th. Once it is confirmed we will add the additional night of Saturday July 15th to the reservation at the group rate.

Also some people have requested extension to the booking deadline for all the hotels which ended June 9. If you still need space, please contact Jodi directly.
Please contact Jodi to extend your reservation at the Delta Chelsea.

Correction to prices and breakfast for Sheraton

 Before the Cutoff date of June 9: Thanks to Jens Maurer for asking:
"The single rate is 199 CAD per night plus tax even though N4636 says it's 226 CAD,
but there's no indication that breakfast would be included,although N4636 claims it is."

After confirming with Sheraton, breakfast is not included, although at the reduced rate of 199 CAD, the extra $27 CAD can be used for breakfast locally, but i doubt you will need that much.
LATE BOOKING: While you can still book, the rate has jumped to over $300 and that cannot be changed due to Indy event that week.

Landing at Toronto Island Airport instead of YYZ

Finally, I mention in detail in N4636 how to get into Toronto from YYZ International Airport, but not from Toronto Island Airport as I have no experience there. Here is Additional info for landing at the Toronto Island airport.

Porter and some Air Canada flights, especially from the North east, land at Billy Bishop Airport, both of which are good. Location is very close to downtown hotels and offices and lots of taxis and TTC 509 and 511 to get you from airport to wherever. Porter is no frills service but relatively cheap and frequent.

http://www.portstoronto.com/airport/passenger-information/to-from.aspx
directions to Billy Bishop Airport
Find your way to and from Billy Bishop Airport with Google Maps.

WALK THROUGH THE PEDESTRIAN TUNNEL

On July 30, 2015, Billy Bishop Airport opened a pedestrian tunnel that connects Toronto's mainland to the airport. From the mainland pavilion to the island atrium, the tunnel spans 853-feet and takes under six minutes to complete the journey to the airport check-in area.

Featuring four moving walkways and one of the longest escalator systems in Canada, the tunnel provides quick, reliable and easy access to the airport.

Access to the pedestrian tunnel is free. The mainland entrance is located next to the airport ferry terminal. For more information, view the Take the Pedestrian Tunnel page.

TAKE THE FERRY

Take one of the world's shortest ferry rides (121 metres) to and from the foot of Bathurst. There's a ferry every 15 minutes.

The ferry is free for pedestrians and $11 for vehicles (round trip).

Want to get on the next ferry? See the schedule here.

JUMP ON THE SHUTTLE

There's a complimentary express shuttle bus to and from Billy Bishop approximately every 15 minutes . The shuttle is open to anyone going to the airport, whether or not they are travelling.

Want to take the shuttle? Start your journey here.

RIDE A BIKE

An urban airport needs to be accessible and Billy Bishop Airport is just that. With one of Toronto's 80 BIXI stations located at the top of Eireann Quay you're a quick pedal away from the airport's doorstep.

You can also hop on your own bike and lock it up on the island or the mainland. Bike lockup is located adjacent to the ferry terminals.

HOP ON PUBLIC TRANSIT

Billy Bishop Airport is easily accessible by public transit. With frequent TTC service, you'll be dropped a short walk from our ferry terminal building.

Thinking of taking public transit? You can hop on the 511 Bathurst streetcar or the 509 Harbourfront.

GRAB A TAXI

If you're flying into Toronto and want a taxi, you will find them located at the taxi stand on the mainland, just outside the ferry terminal.

CAR RENTALS

Rent a car right at the airport. You can find car rental counters on the island and mainland.

Thinking of renting a car? Get more information here.

CAR PARKING

You can park your car at one of Billy Bishop Airport's short- or long-term parking facilities on the mainland or island. Get more information on parking here.

Green P Parking and Mobile Pay

You can pay and extend your street, or Green P lot parking by an app on your phone, and it is very convenient where you can pre-load $20 CAD through your credit card
https://parking.greenp.com/

TTC Presto Card:

You may have heard that TTC now has a payment card system called presto which can be refilled like in many European cities and enables you to just wave it and pass through
https://ttc.ca/Fares_and_passes/PRESTO/index.jsp
In reality, though I have not used it I am told by others (so this is hearsay opinion at best) that its implementation is less than optimal as many stations only have 1 entrance with this capability, and it is often broken, so you have to line up anyway and pay. For the week you are here, public transportation using a stack of tokens or a week pass may be best. So your mileage may vary.
